Rehousing**

Published: October 11, 2019

I. General Instructions

Contra Costa Health, Housing, and Homeless Services (“H3” or “the County”) is seeking proposals from suitably qualified County and/or community-based providers to participate as contractors for Contra Costa County’s Homeless Emergency Aid Program (“HEAP”) as authorized by the State of California Homeless Coordinating and Financing Council (“HCFC”) in conjunction with the Business, Consumer Services and Housing Agency to provide Rapid Rehousing (“RRH”) for Transition Age Youth (TAY) experiencing homelessness in Contra Costa County. The Rapid Rehousing to be funded using Contra Costa’s HEAP funds is modeled after the U.S. Department of Housing and Urban Development (HUD)’s [Rapid Rehousing Program](#). This project is a component of and will operate with the Contra Costa County homeless continuum of care coordinated entry system, which includes Coordinated Outreach, Referral, and Engagement (CORE) teams; Coordinated Access and Referral (CARE) Centers, evening Warming Centers; a phone-based access point through 2-1-1; housing navigation, housing location, and rapid resolution services.

Applicants responding to this Request for Proposals (RFP) must submit a proposal that includes their experience providing Rapid Rehousing or similar services for the target population, a description of their organizational capacity, an outline of service delivery including staffing and mode of delivery, a timeframe for operation, outcomes and a plan for evaluating the success of the program, a budget and budget justification, including appendices with corporate profiles and resumes/job descriptions. The County will fund the operation of the selected Rapid Rehousing contracted services through Contra Costa County’s allocation of HEAP funds. The initial contract period is 18 months (1.5 years), from January 1, 2020 through June 30, 2021. The total amount available for the period 2020–21 is not to exceed \$500,000, with the County option of renewing the contract on an annual basis thereafter, contingent upon contractor performance and funding availability. The contract will be a cost-based reimbursement contract, where the County will reimburse actual program costs that are incurred and paid by the contractor. Please be clear and comprehensive in detailing your costs to provide these services.

Any contract awarded will be based upon the quality of the characteristics and qualifications of the applicant agency, proposed implementation and evaluation plan, and budget justification. Depending on the number and qualifications of applicants, H3 may, after receiving approval from the H3 Director, move directly to a contract negotiation phase with the selected Contractor(s).

A. About Contra Costa Health, Housing, and Homeless Services Division

Health, Housing and Homeless Services (H3) is a division of the Contra Costa Health Services Department that is committed to making homelessness an uncommon occurrence in Contra Costa County.

Services are free of charge to individuals experiencing homelessness.

B. About California’s Homeless Emergency Aid Program (HEAP)

Contra Costa has received State of California Homeless Emergency Aid Program (HEAP) grant funding as a source of revenue designed to provide direct assistance to Continuums of Care (CoCs) to address the homelessness crisis in their communities. HEAP is authorized by SB 850, which was signed into law by former Governor Edmund G. Brown, Jr. on June 27, 2018. Contra Costa H3, as the administrative entity on behalf of the Contra Costa CoC, applied for and was awarded \$7,196,770 in HEAP funding.

The HCFC intentionally provided broad parameters for how HEAP funds may be used in order to encourage CoCs to be creative and craft programs that meet their specific needs. Among the list of examples of how funding can be used, the state included rental assistance, including for Rapid Rehousing programs, as well as the expansion of services to meet the needs of homeless youth or youth at risk of homelessness.

HEAP funding may not be used for rental assistance within a jurisdiction that has not declared a shelter crisis. In Contra Costa, the following jurisdictions have declared shelter crises: Antioch, Concord, Danville, El Cerrito, Hercules, Lafayette, Martinez, Moraga, Oakley, Orinda, Pinole, Pittsburg, Pleasant Hill, Richmond, San Pablo, San Ramon, Walnut Creek and unincorporated Contra Costa County (including Alamo, Alhambra Valley, Bay Point, Bethel Island, Blackhawk, Briones, Byron, Canyon, Clyde, Contra Costa Centre, Crockett, Diablo, Discovery Bay, East Richmond Heights, El Sobrante, Kensington, Knightsen, Mt. View, North Richmond, Pacheco, Parkmead, Port Costa, Reliez Valley, Rodeo, Rossmoor, Saranap, Tormey and Vine Hill. (Brentwood and Clayton have not declared a shelter crisis).

The HEAP statute mandates that 50 percent of the awarded funds must be contractually obligated by January 1, 2020. Additionally, 100 percent of the funds must be expended by June 30, 2021.

Additional information about HEAP is available on the HCFC website:

https://www.bcsd.ca.gov/hcfc/aid_program.html

III. Purpose of this RFP and Scope of Work

The purpose of this RFP is to contract with a subject matter expert (Contractor) to provide temporary supportive housing services to Contra Costa County's transition age youth ("TAY")—persons aged 18-24—who are experiencing homelessness. The services provided by Contractor will support Contra Costa County's and the State of California Housing Coordinating Finance Council's goal to foster housing stability for TAY experiencing homelessness.

HEAP funding must be used to assist youth who are experiencing homelessness in Contra Costa County. For HEAP, HCFC defines homeless as:

1. The same meaning as defined in Section 578.3 of Title 24 of the Code of Federal Regulations as of May 1, 2018. That statute defines homeless as:
 - a. Lacking a fixed or regular nighttime residence; and either:
 - i. Having a primary nighttime residence that is a supervised, publicly or privately-operated shelter designed to provide temporary living accommodations; or
 - ii. Residing in a public or private space not designed for, or ordinarily used as, a regular sleeping accommodation for human beings; or
 - iii. In receipt of a judgment for eviction, as ordered by the court.
 - b. Imminently at risk of losing their primary nighttime residence, provided that:
 - i. The primary nighttime residence will be lost within 14 days of date of application for homeless assistance
 - ii. No other residence has been identified;
 - iii. And the individual lacks the resources or support networks needed to obtain other permanent housing

2. Note: This is the same definition used by the US Department of Housing & Urban Development (“HUD”).

For HEAP, HCFC defines homeless youth as:

1. An unaccompanied homeless individual who is not older than 24.
2. Homeless individuals not older than 24 who are parents are included in this definition.

The Contractor’s Scope of Work for providing Rapid Rehousing services will promote and retain fidelity to the Housing First mission of HUD, H3, and the County Homeless Continuum of Care (“CoC”). The services to be offered to households that are either literally homeless or at immediate risk of homelessness include: (1) wraparound case management support to help youth achieve housing sustainability which includes support with benefits acquisition, job placement assistance, coordination of health services, and any other services that support a youth moving towards independence; and (2) housing navigation to identify affordable housing options and short-term housing subsidies.

The Contractor(s) funded under this RFP will be expected to achieve the following outcomes during the contract term:

- 50% of participants enrolled must move into permanent housing within 120 days.
- 70% exit into permanent housing destinations
- 30% of households increase income from all sources
- 85% of participants who exited to a permanent housing destination within one year have not returned to homelessness

Contractor's supportive housing services are to include the following for eligible homeless youth individuals and households:

1. Provide housing location, financial assistance, and case management services to transition age youth.
2. Wraparound Case Management to eligible youth. Support services are to include:
 - a. developing a youth driven Housing Sustainability Plan that outlines a thorough strategy for securing income (or reducing expenses) to the point where the youth no longer needs a housing subsidy and can maintain rental payments in order to maintain housing stability. This includes document readiness (Identification, Social Security, Birth Certificate, credit repair);
 - b. providing youth with intensive wraparound case management in personal financial planning and life skills such as paying rent/ bills on time, managing household expenses, how to get along with roommates, and navigating relationships with a landlord;
 - c. coordinating access to needed services from the County and community-based agencies. Services may include assistance such as food assistance, substance abuse treatment, education and training, employment assistance, benefits assistance, health care, mental health counseling, childcare, and credit repair.
 - d. conducting monthly reassessments to evaluate progress;

3. Housing location services to assist youth in locating affordable housing they are enabled to sustain beyond program participation. This includes assistance with filling out housing applications and transportation to see units.
4. Provide direct financial assistance as needed, to include security deposits, utility deposits/payments, moving costs, hotel/motel vouchers, paid shelter costs, application and credit/background check fees, partial/tiered rental subsidies, full subsidies, bridge housing, etc.
5. Negotiate and finalize lease terms, of no less than six months, between property owners and youth;
6. Collect and timely document participant data and services delivered into the County's Homeless Management Information System (HMIS).
7. Provide H3 with requested data from the HMIS and/or systems in accordance with HCFC guidelines each quarter.
8. Participate in regularly scheduled housing placement meetings and case conferences.
9. Conduct a client/consumer satisfaction survey.

In addition, Contractors must operate in compliance with the CoC's Written Standards for Providing CoC and Emergency Solutions Grant (ESG) Assistance:

<https://cchealth.org/h3/coc/pdf/COC-and-ESG-Assistance-Written-Standards.pdf>
